SOCIAL BIOLOGY

Volume 28, 1981

ABORTION ORGANIZATIONS: characteristics of members in Missouri, 239–252
Achievement: sibling and environment correlates of among children, 96–101
Adamchak, Donald J.: note on study of ideal family size, 328–323
Admixture: among the Sells Papago, 126–145
Age. *See* Maternal age.
Ahmed, Bashir, 102
Amniocentesis: low use of by women of advanced maternal age, 176–186
Asaka, Akio, 228

BANGLADESH: differential fertility in, 102–110; infant mortality in, 299–307
Barash, David: bk. rev., 345–347
Barden, Howard S.: bk. rev. by, 342–345
Bennett, Kenneth A.: bk. rev. by, 347–348
Bernard, Richard M.: bk. rev., 162–163
Bertrand, Jane, 253
Birth order: and infant mortality in Bangladesh, 299–307
Blan, Robert H.: bk. rev., 165
Bloom, David, 293
Boyd, Edith: bk. rev., 342–345
Breast-feeding: and twinning rates, 167–175

CAIRNS, HUGH JOHN: MacArthur prize fellow, 153
Cavalli-Sforza, L. L., 14
Cazes, M. H., 281
Chen, Kuang-Ho, 14
Children: sibling and environment correlates of achievement among, 96–101
Children-ever-born: adjusting data for nonresponse, 308–314
Chile: causes of death in, 1950–1975, 187–216
Clegg, E. J.: bk. rev., 347–348
Cohen, Joel E.: MacArthur prize fellow, 153–154
Coital rates: and fecundability, 334–341
Colombia: causes of death in, 1950–1975, 187–216
Congress of Anthropological and Ethnological Sciences, 150
Consensual unions: in Latin America, 49–61
Contraception: sequences of events following adoption of, 111–126; use of vasectomy for in Guatemala, 253–264; use of sterilization for in U.S. counties bordering Mexico, 265–280; correcting failure rates of for sample selection bias, 293–298
Costa Rica: causes of death in, 1950–1975, 187–216
Criss, Thomas B., 75
Critchfield, Richard P.: MacArthur prize fellow, 154
Cultural inheritance: of the desire for male offspring and lethal disease, 315–327

DISEASE AND URBANIZATION: bk. rev., 347–348
Dogon: mating patterns among, 281–292
Dominican Republic: causes of death in, 1950–1975, 187–216
Down's syndrome: incidence of, 176–177, 185
Driver, Edwin D., 30

EDITOR'S NOTE: on double issues and new journal size, 150
El-Badry procedure: and correcting data on children for nonresponse, 308–314
El Salvador: causes of death in, 1950–1975, 187–216
Employed women: and fertility, 81–95; and daughter's ideal family size, 328–333
Endogamy: among the Semai Senoi, 62–74
Euthanasia: comment on K. Singh's article on, 145–149

FAMILY SIZE: and mother's age at first birth, 217–227; note on Adamchak's study of, 328–333
Farber, Susan, L.: bk. rev., 163–164
Fecundability: and distributions of coital rates, 334–341
Feldman, M. S., 14
Fertility: and social class in Madras, India, 30–40; a lunar effect on, 75–80; and labor participation of married women, 81–95; in Bangladesh, 102–110; U.S. data on for 1973, 111–125; and mother's age at first birth, 217–227; and correcting data on children-ever-born for nonresponse, 308–314
First birth: mother's age at and family size, 217–227
Fix, Alan G., 62
Freedman, Deborah S., 217
Fuller, John L., 345–347

GARDNER, HOWARD E.: MacArthur prize fellow, 154
Garlick, J. P.: bk. rev., 347–348
Gaventa, John P.: MacArthur prize fellow, 155
Genetic counseling: and stillbirths, 1–12
Genetic disease: and cultural inheritance of the desire for male offspring, 315–327

Goldman, Noreen, 49
Granberg, Donald, 239
Grant, Marilyn: bk. rev. by, 162–163
Guatemala: causes of death in, 1950–1975, 187–216; vasectomy in, 253–264

HAWKINS, DAVID: MacArthur prize fellow, 155–156
Holck, Susan E., 265
Holdren, John P.: MacArthur prize fellow, 156
Huether, Carl A., 176
Human biology: advisory commission on of the International Association of Biologists, 150
Huxtable, Ada Louise, 156–156

IDENTICAL TWINS REARED APART: A REANALYSIS: bk. rev., 163–165
Imaizumi, Yoko, 228
International Association of Biologists, 150
India. *See* Madras.
Indians: admixture among the Sells Papago, 126–145
Inouye, Eiji, 228

JACQUARD, A., 281
James, William, 334
Japan: mortality of twins in, 228–238

KATES, ROBERT W.: MacArthur prize fellow, 157
Keppel, Kenneth G., 41
Kinship: among the Dogon, 281–292

LATIN AMERICA: consensual unions in, 49–61; mortality decline in, 1959–1975, 187–216
Lee, Raphael C.: MacArthur prize fellow, 157–158
Levitan, Max: bk. rev. by, 165

MACARTHUR FOUNDATION: 1981 prize fellows, 151–161
McCarthy, Cormac: MacArthur prize fellow, 158
McClintock, Barbara: MacArthur laureate, 158
Male offspring: desire for and lethal disease, 315–327
Madras: social class and fertility in, 30–40
Marcum, John P., 75
Marjoribanks, Kevin, 96
Married women: fertility of and labor force participation, 81–95
Marroquín, Maricel, 253
Maternal age: and use of amniocentesis, 176–186; and survival rates of Japanese twins, 233; at first birth and family size, 217–227; and infant mortality in Bangladesh, 299–307
Mating patterns: among the Semai Senoi, 62–74; of the Dogon, 281–292
Melting Pot and the Altar: Marital Assimilation in Early Twentieth-Century Wisconsin, The: bk. rev., 162–163
Mexico: causes of death in, 1950–1975, 187–216
Mexican-Americans: use of contraceptive sterilization among, 265–280
Missouri: pro- and anti-abortion organizations in, 239–252
Mode, Charles, J., 111
Moon: effect on fertility of, 75–80
Moore, Clay L., Jr., 145
Mortality: differential in and size of place and sex, 41–48; decline of in Latin America, 187–216; of Japanese twins from birth to one year, 228–238
Mourning: as response to stillbirths, 1–13
Mulligan, Richard C.: MacArthur prize fellow, 158–159

OHIO: use of amniocentesis in, 176–186
Origins of the Study of Human Growth: bk. rev., 343–346
Ostheimer, John M., 145

PAGELS, ELAINE H.: MacArthur prize fellow, 159
Panama: causes of death in, 1950–1975, 187–216
Paraguay: causes of death in, 1950–1975, 187–216
Palloni, Alberto, 187, 308
Pebley, Anne, 49,293
Pennsylvania: mortality differentials in, 41–48
Philippe, Pierre, 167
Phipps, Sean, 1
Pickens, Gary, 111
Pineda, María Antonieta, 253
Pingree, David: MacArthur prize fellow, 159
Pituitary hormones: and twinning, 167–175
Political Implications of Human Genetic Technology, The: bk. rev., 165
Population: replacement of and admixture among the Sells Papago, 126–145
Prolactin: and twinning, 167–175
Pro-life organizations: characteristics of members of, in Missouri, 239–252
Pregnancy spacing: and mortality in Bangladesh, 299–307
Price, Richard A., 14

RAINER, JOHN D.: bk. rev. by, 163–165
Richards, Paul G.: MacArthur prize fellow, 159–160
Rochat, Roger W., 265
Rorty, Richard M., 160

SAMPLE SELECTION BIAS: correcting contraceptive failure rates for, 293–298
Santiso, Roberto, 253
Sells Papago: admixture among, 126–145
Semai Senoi: endogamy among, 62–74
Sex: and mortality differentials, 41–48; and infant mortality in Bangladesh, 299–307
Sex-linked lethal disease: and the desire for male offspring, 315–327
Sharp, Susan F., 328

Singh, K.: comment on euthanasia article by, 145–149
Smith, David Glenn, 126
Smith, Jack C., 265
Smith-Lovin, Lynn, 81
Smoking behavior: spouse influence on, 14–29
Social Biology: Editor's note on double issues and new size, 150
Social class: and fertility in Madras, India, 30–40
Spouse influence: in smoking behavior, 14–29
Sterilization: male acceptors of in Guatemala, 253–264; in U.S. counties bordering Mexico, 265–280
Stillbirths: and genetic counseling, 1–13
Swenson, Ingrid, 299

TABI MASSIF: mating patterns of Dogon of, 281–292
Thornton, Arland, 217
Tickamyer, Ann R., 81
Trussell, Hames, 293
Twinning: and breast-feeding, 167–175
Twins: mortality of, in Japan, 228–238

UNITED STATES: fertility history data of for 1973, 111–125
Uruguay: causes of death in, 1950–1975, 187–215

VASECTOMY: acceptors of in Guatemala, 253–264
Venezuela: causes of death in, 1950–1975, 187–216
Volodkevich, Helen, 176

WALLISCH, LYNN, 217
Warren, Charles W., 265
Whisperings Within: Evolution and the Origin of Human Nature, The: bk. rev., 345–347
Woodford, Michael: MacArthur prize fellow, 160–161
Wyrick, Randy, 187

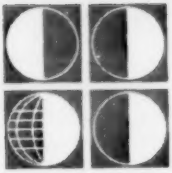
YOKOYAMA, SHOZO, 315

ZWEIG, GEORGE: MacArthur prize fellow, 161

Contents

SOCIAL BIOLOGY

Volume 28, 1981



Volume 28 **Spring–Summer** **No. 1–2**

Contents

Mourning Response and Intervention in Stillbirth: An Alternative Genetic Counseling Approach, *Sean Phipps* 1

Models of Spouse Influence and Their Application to Smoking Behavior, *Richard A. Price, Kuang-Ho Chen, L. L. Cavalli-Sforza, and M. W. Feldman* 14

Social Class and Fertility in Metropolitan Madras, *Edwin D. Driver* 30

Mortality Differentials by Size of Place and Sex in Pennsylvania for 1960 and 1970, *Kenneth G. Keppel* 41

Legalization of Consensual Unions in Latin America, *Noreen Goldman and Anne R. Pebley* 49

Endogamy in Settlement Populations of Semai Senoi: Potential Mate Pool Analysis and Simulation, *Alan G. Fix* 62

A Lunar Effect on Fertility, *Thomas B. Criss and John P. Marcum* 75

Fertility and Patterns of Labor Force Participation Among Married Women, *Lynn Smith-Lovin and Ann R. Tickamyer* 81

Sibling and Environment Correlates of Children's Achievement: Sex Group Differences, *Kevin Marjoribanks* 96

Differential Fertility in Bangladesh: A Path Analysis, *Bashir Ahmed* 102

Sequences of Events Following Adoption of Contraception: An Exploratory Analysis of 1973 United States Fertility History Data, *Gary Pickens and Charles J. Mode* 111

Admixture and Population Replacement of the Sells Papago Indians: Three Strategies, *David Glenn Smith* 126

Brief Reports

"The Correlates of Attitudes Toward Euthanasia" Revisited: A Comment on B. K. Singh's Article, *John M. Ostheimer and Clay L. Moore, Jr.* 145

Communications

Editor's Note: Double Issues for Volume 28 and New Journal Size 150

Eleventh International Congress of Anthropological and Ethnological Sciences to be Held in Canada in 1983 150

Advisory Commission on Human Biology Established by the International Association of Biologists 150

John D. and Catherine T. MacArthur Foundation Prize Fellow Program for 1981 and Prize Fellow Laureate Award 151

Book Reviews

The Melting Pot and the Altar: Marital Assimilation in Early Twentieth-Century Wisconsin (Bernard), *Marilyn Grant* 162

Identical Twins Reared Apart: A Reanalysis (Farber), *John D. Rainer* 163

The Political Implications of Human Genetic Technology (Blan), *Max Levitan* 165

Volume 28 **Fall-Winter** **No. 3–4**

Contents

Twinning and the Changing Pattern of Breast-feeding: A Possible Relationship in a Small Rural Population, *Pierre Philippe* 167

Causes of Low Utilization of Amniocentesis by Women of Advanced Maternal Age, *Helen Volodkevich and Carl A. Huether* 176

Mortality Decline in Latin America: Changes in the Structure and Causes of Deaths, 1950–1975, *Alberto Palloni and Randy Wyrick* 187

Age at First Birth and Family Size: Evidence from a Longitudinal Study, *Deborah S. Freedman, Arland Thornton, and Lynn Wallisch* 217

Mortality Rate of Japanese Twins: Infant Deaths of Twins After Birth to One Year of Age, *Yoko Imaizumi, Eiji Inouye, and Akio Asaka* 228

Comparison of Members of Pro- and Anti-abortion Organizations in Missouri, *Donald Granberg* 239

Vasectomy in Guatemala: A Follow-up Study of Five Hundred Acceptors, *Roberto Santiso, María Antonieta Pineda, Maricel Marroquín, and Jane T. Bertrand* 253

Contraceptive Sterilization: A Comparison of Mexican-Americans and Anglos Living in U.S. Counties Bordering Mexico, *Charles W. Warren, Jack C. Smith, Roger W. Rochat, and Susan E. Holck* 265

Mating Structure of the Dogon of the Tabi Massif, *M. H. Cazes and A. Jacquard* 281

Correcting Contraceptive Failure Rates for Sample Composition and Sample Selection Bias, *James Trussell, David Bloom, and Anne Pebley* 293

Relationships Between Pregnancy Spacing, Sex of Infants, Maternal Age, and Birth Order, and Neonatal and Post-neonatal Mortality in Bangladesh, *Ingrid Swenson* 299

Adjusting Data on Children for Nonresponse, *Alberto Palloni* 308

Cultural Inheritance of the Desire for Male Offspring and Sex-linked Lethal Disease, *Shozo Yokoyama* 315

Brief Reports

Adamchak's Ideal Family Size and Family Background: A Research Note, *Susan F. Sharp* 328

Distributions of Coital Rates and of Fecundability, *William H. James* 334

Book Reviews

Origins of the Study of Human Growth (Boyd), *Howard Barden* 342

The Whisperings Within (Barash), *John Fuller* 345

Disease and Urban Living, *Kenneth Bennett* 347
